

FAA Safety Team presents:

Small Unmanned Aircraft Systems and Safe Skies for All

You are encouraged to forward this event information to anyone who may be interested in attending. This event is open to the public. The Pittsburgh FAA Safety Team is holding this safety seminar specifically for the non-pilot community and interested pilots. The official and current FAA information regarding sUAS safe flying practices and integration into the NAS will be presented. All current or potential users of sUAS are welcome to attend
Reference: AC 107-2 Small Unmanned Aircraft Systems (sUAS)
